3 of 3 review helpful Why this book IS useful By Neil Miller In answer to the negative review Miniature scores have

been around a long time They are useful for people attending concerts who want to follow along without lugging a cumbersome volume and flipping pages noisily The miniature score is also used of course to follow along while listening to a recording They never were meant for playing 2 of 6 One of Beethoven s most admired and widely performed piano concertos perfectly designed and profoundly poetic This convenient and economic volume mdash meticulously reproduced with bar numbered movements mdash will be the perfect edition for classroom and concert hall alike
