**By Richard Wagner : On Conducting (Ueber das Dirigiren)** dabbadie arnauld see abbadie arnauld d 1815 1894 dabney robert lewis 1820 1898 a defence of virginia and through her of the south in recent and pending texts and audio books available online at project gutenberg On Conducting (Ueber das Dirigiren):

1 of 1 review helpful Fascinating read fair translation By John Phippen Wagner s treatise is fascinating I found his insights into conducting helpful and very substantial though his anti semitism does permeate the book This translation omits several illustrations of the music Wagner uses to exemplify his points Their absence was a disappointment This is a must read for any conductor Wagner speaks with conv This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain
